

Budding News from Sundance

April 2011

A Letter from Dave Thomas, Sundance Founder & Owner

Dear Friends,

I am so appreciative of this community and your support. It is just one of the things that makes living and working in Evergreen very special. I also feel fortunate to have a wonderful team of employees, especially long time managers Linda Zakes and Chuck Cartwright.

We are delighted to announce that after 33 years of landscaping in Evergreen, and 23 years of providing plants and gardening supplies in the Garden Center, we are expanding again. This spring we are opening the Sundance by Design "Annex" in the Evergreen Design Center, the old Hardware Store.

With Sundance by Design we look forward to bringing you indoor and outdoor freestanding fountains, unique outdoor living accents, and nature inspired accessories and gifts. In addition, Kathryn Boylston (an experienced gardener and Interior Designer) and I will look forward to helping you create special outdoor spaces and garden rooms.

See below for more information about our Grand Opening, we hope to see you soon!

Thanks for your support,

Dave Thomas

- Plant some pansies for spring color..."there ain't nothin' tougher than a pansy".

April Garden Center Special

Buy one bag of cedar mulch or bark and get a second for 1/2 off.

Linda's Garden Tips for April

- Take advantage of April showers by sowing grass seed and wildflower seed.
- Amend soil by adding compost and aged manure.
- Use slow-release fertilizer spikes on evergreens.
- Fertilize flowering shrubs and trees; be sure to use the right fertilizer for the right plant. Not sure?? Call Sundance or stop by the Garden Center.

Save the Date..... You're Invited

Please join us! We are partnering with Mountain Home to have a **Spring Open House** Friday April 29-Sunday May 1 at the new Sundance by Design "Annex". Then please save the date for our official **Grand Opening** celebration **Friday May 6 from 5-8 p.m.** We would love to visit with you at our new Annex in the Evergreen Design Center (the old Hardware Store, 27965 Meadow Drive, Suite C).

Spring Clean-up

As you well know, the weather this winter and spring has been especially dry, causing great concern about fire danger. Please know that our Maintenance Division is here to help you. We are happy to assist you with raking and removing pine needles, deadheading perennials, trimming the dead wood from your shrubs, as well as a full Spring Clean-up. [Click here for more info.](#)

Customers Corner

*Are you planning on planting any Amazing
Annuals? Brilliant Borders?
Compelling Combos?*

Last year we put a call out for you to send us photos of your gardens that we will share in our newsletter. It was a popular feature and we'd like to do it again. Please send your favorite garden pictures to kboylston@msn.com and we'll run them in future newsletters. You inspire us! We can't wait to see **your** garden!
