## Linda's Garden Center Tips

It's May!!! We're so excited here at the Garden Center, we're gonna wet our 'plants'!!

Watering newly planted trees, shrubs, and perennials is critical to ensure their survival. Water deeply and often throughout the spring, summer, and fall.

The Garden Center is chock-full of plants looking for a home at your place.

### Garden Center Special:

Plants are not the only things needing water - so do the birds. All birdbaths 20% off thru May.

### Evergreen Garden Club

Meetings are held on the second Tuesday of every month from September through June. In the summer months there may be trips planned and involvement in different community events. Club members also plant and maintain seven public gardens in our community.

The next meeting will be **May 13, 9:15** at the Evergreen Fire and Rescue building in Bergen Park. This meeting will be a very short one because it is a "work day". We will be in all of Evergreen's Public Gardens, cleaning and planting. As always, there will be a delicious buffet before we go to work.

**Newcomers always welcome.** For more information [click here.](#)
