September!!!

Could there possibly be a more spectacular time to be in Colorado than fall? No matter how many times you experience it, one never tires of seeing the aspen leaves turn and quake. And we do still have more than 2 weeks of "official" summer left!

This is a great time to make PLANS for the garden. Note what worked and what needs to be moved or removed. What hardscaping projects you can still take care of. We are happy to help...give us a call for a

complimentary estimate.

"I love fall! Fall is exciting.

It's apples and cider. It's an airborne spider.

It's pumpkins in bins. It's burrs on dog's chins.

It's wind blowing leaves. It's chilly red knees.

It's nuts on the ground. It's a crisp dry sound.

It's green leaves turning And the smell of them burning.

It's clouds in the sky. It's fall..." - Author Unknown"

Our garden totems are famous! We are delighted to have had an **AP article** written about our garden towers. It has been picked up by the Washington Post, usa today, abc news, yahoo!news, and many national and international news outlets. To see one version of the article [click here](#).

Sundance Maintenance & Landscaping

Would you like help putting your garden to bed and getting ready for spring? We are now scheduling fall clean-ups and spring bulb plantings.

We have a spring-blooming bulb planting package where we plant 120 bulbs with bulb booster for \$350. Package includes allium, mixed daffodils, muscari, iris, and snow drops. Depending on your needs, fall clean-up may include deadheading, mulching, and leaf raking. Let us know how we may help you.

Linda's Garden Center Tip

Sometimes it's hard to accept the sad fact that summer is coming to an end. That fact does not mean that gardening season has come to an end.

Fall pansies and mums are now in stock. These hardy plants can take the cooler days and nights of autumn and add that splash of color for our fading gardens.

Think ahead to next spring for early color by planting bulbs now. Daffodils, iris, alliums, and several other bulbs are deer-resistant. Remember to add bulb food to the hole when planting to assure years of healthy blooms.

Reward the plants in your garden for giving so much pleasure this season by drenching them with a healthy dose of Age Old Kelp. Come to the Garden Center and take advantage of fall sales. It's a great time to plant!
